AI-Driven Climate-Resilient Supply Chains and Critical Operations

PANEL & NETWORKING

Learn how AI helps organizations build **crisis-ready, adaptive,** and **resilient supply chains** — whether facing **climate events, market disruptions, geopolitical shifts,** or **operational shocks.**

April 16, 2026
3-6PM

Kuehne + Nagel Inc. 1501
Devon Ave Bensenville, IL 60106

What We'll Explore

- **Predictive insights:** Using AI to foresee and prepare for disruptions
- **Adaptive planning:** Faster responses in sourcing, logistics & operations
- **Operational continuity:** Protecting critical processes in uncertain conditions
- **Sustainable, future-ready networks:** Combining efficiency, low-carbon goals & trusted data
- **From data to action:** Turning complex signals into clear decisions

This event is co-hosted with SAP Labs and part of the SAP Roadshow 2026
